Abiding Care exists to be an extension of Jesus Christ's love to anyone facing pregnancy decisions, sexual health issues, and post abortive recovery. The center is dedicated to the value and dignity of human life by providing:

- emotional, spiritual, and physical support
- medical services
- parenting support and
- referrals to community resources for on-going care

All services are 100% free and confidential. The center does not offer abortions or abortion referrals.

What We Do

At Abiding Care, our mission is to empower, support and educate. Empower. We walk alongside those facing an unplanned pregnancy, create a safe and comfortable space, and give the information and life-affirming medical services they need to empower them to make a truly informed decision. We offer the support, medical services (testing, ultrasound), resources, and referrals they need to either parent or make an adoption plan.

Support. We offer parenting and life skill classes to support parents in their decision to parent. They receive encouragement, have the option to earn items they need to raise a child, and more. Here parents have the opportunity to do the work to create a safe and stable home for their children.

Educate. We provide education in all of our programs, but also have a sexual integrity program that goes into schools and churches. The program educates students on our services and the beauty of God's design, holding high the many benefits of waiting, all without shame.

because the love of Christ compels us
